

# End Pieces DATA SHEET ZL-2818 series

## Description

The end pieces are specially designed for water manifold, and integrate manual exhaust and drainage function.

## Technical Specifications

### Performance

- Applicable medium: Water、 glycol solutions  
Max. percentage of glycol is 30%
- Maximum pressure for air valve: 10bar
- Maximum working temperature: 110℃

### Materials

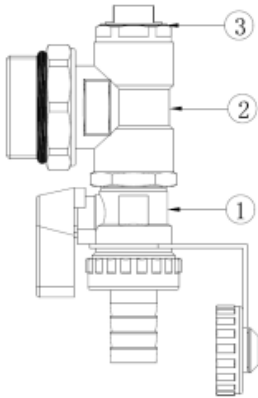

Valve Body	Brass
Handle	AL
Seals	EPDM

## Characteristic Components

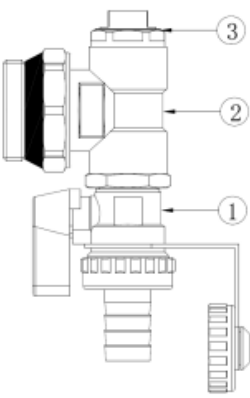

1-Drain valve (ZL424712)

2- Triple-valve body

3- Air vent (ZL990202)

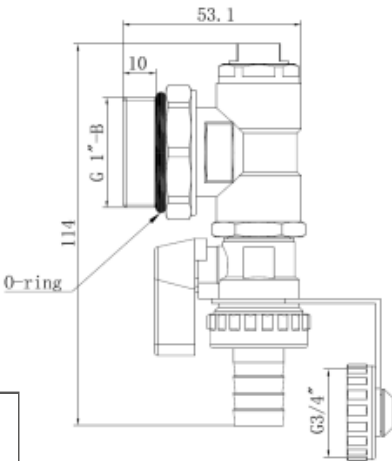

ZL2818

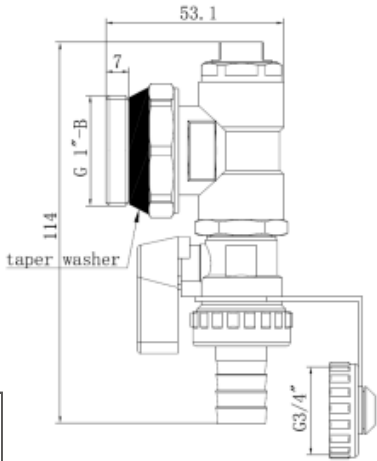

ZL2818B
